

VELOCITYMAID

Host Welcome Packet

Professional Cleaning & Property Readiness

Vermont — Okemo Valley & Middlebury

COME HOME TO CLEAN.

Welcome.

Thank you for choosing VelocityMaid as your property care partner. This packet gives you everything you need to know about how we work, what to expect from every service, and how to reach us when you need us.

We approach every vacation rental property the way a great hotel would approach a guest suite — with attention to detail, a documented process, and a commitment to the standard that keeps guests coming back.

"Our exit standard for every clean: Would I be comfortable welcoming a guest into this property right now? If the answer is no, we keep going."

About VelocityMaid

VelocityMaid is a professional cleaning and property readiness company serving vacation rental hosts, second home owners, and property managers across Vermont's Okemo Valley and Middlebury regions.

Founded by Brian Bruce Maylor — with 20 years of hospitality experience including 13 years with Royal Caribbean International — VelocityMaid brings hotel-grade standards to Vermont's short-term rental market.

- | | |
|--|--|
|  Property Specialists
We focus exclusively on vacation rentals, second homes, and residential properties. |  Trained & Certified
Every cleaner completes VelocityMaid's certification program before their first job. |
|  Photo Documentation
Every job includes a full photo report delivered same day. |  Tech-Enabled
Online booking, client portal, automated notifications, and digital invoicing. |
|  Relationship-Based
We are your property partner, not a one-time cleaning service. |  Hospitality Standard
We think like hoteliers. Every property should be guest-ready, every time. |

Our Service Standards

Every VelocityMaid service is delivered to a documented standard. We do not skip steps, cut corners, or rush. Your property is always cleaned as if your most demanding guest is arriving in two hours.

Kitchen

- ✓ Linens changed on every turnover
- ✓ Furniture dusted
- ✓ Floors vacuumed or mopped
- ✓ Trash removed

Living Areas

- ✓ All surfaces dusted
- ✓ Furniture straightened
- ✓ Carpets and rugs vacuumed
- ✓ Visible fingerprints removed
- ✓ Trash removed

Pricing & Services

All pricing is property-specific and confirmed before your first service. The rates below reflect standard Vermont properties. Large or complex properties are quoted individually.

Core Services

Service	Property Size	Rate	Includes
Standard Turnover	1–3 Bedrooms	From \$225	Full turnover, linen change, photo report
Extended Turnover	4+ Bedrooms	From \$275	Larger floor plans, additional bathrooms
Premium Turnover	4BD+ Complex	From \$375	High-demand properties, full reset
Deep Clean	Any Size	From \$325	Seasonal, first-time, heavy-use properties
Property Walkthrough	Any Property	\$75	Assessment, planning, maintenance notes
Move-In / Move-Out	Any Size	From \$325	Full detailed clean, appliance interiors

Add-On Services

Add-On	Rate	Description
Checkout Presence	\$25	On-site at guest departure, key verification
Interior Refrigerator	\$25	Full interior clean
Interior Oven	\$30	Full interior clean
Laundry Service	\$15	Wash, dry, fold on site
Grill Deep Clean	\$75	Full grill clean, grease removal
Office Prep	\$75	Clear and organize office for access or work
Garage Cleanup	\$75	Vacuum, cobweb removal, wipe down

Post-Contractor Cleanup	\$125	Clean after trades or maintenance work
Hot Tub Service	See Section 08	Water balance, chemical service, wipe-down

Price should never be the primary reason you chose VelocityMaid. We are not the cheapest option. We are the most reliable option. Every job is delivered to a documented, guest-ready standard.

Communication Process

Clear communication is part of the service. Here is exactly how VelocityMaid communicates with you throughout every job.

Before the Clean

You will receive a booking confirmation with the service date, start time, and cleaner assigned. Any special instructions should be submitted through your client portal at least 24 hours before the job.

During the Clean

Our team is focused on your property while on site. If an urgent situation arises — maintenance issue, damage, access problem — we will call you immediately. For non-urgent requests, please use the portal or wait for the post-clean notification. Text messages during active cleans may not receive an immediate response.

After the Clean

You will receive a post-clean notification by email with a full photo report attached. This is sent same day, usually within 30 minutes of job completion.

For New Requests

All new service requests, schedule changes, and add-ons should be submitted through your client portal at velocitymaid.com/customer/login or by calling (802) 733-5348. Text is fine for quick questions, but the portal and phone are the best channels for anything that needs to be scheduled or documented.

Your Client Portal

Every VelocityMaid host has access to a private client portal where you can:

- View upcoming and past service dates
- See your full photo reports from every clean
- Track payment status and view invoices
- Submit special instructions before any job
- Request additional services or add-ons
- Leave a tip for your cleaning specialist

velocitymaid.com/customer/login

Photo Reporting

Every VelocityMaid service includes a complete photo report. Photos are taken before cleaning begins and after every job is complete. The report is delivered to your email same day.

Before Photos

- Overall property condition on arrival
- Any pre-existing damage or maintenance issues
- Areas of concern noted before cleaning begins
- Guest-left items or belongings

After Photos

- Each bedroom — beds made, room complete
- Each bathroom — full room, clean and staged
- Kitchen — counters, sink, appliances
- Living areas — floors and surfaces
- Any maintenance issues flagged for your attention

The photo report is your eyes on the property. If anything requires your attention — a broken fixture, a guest-caused stain, a maintenance issue — it will be in the report with a photo and a note.

Damage Reporting

If damage is discovered — whether pre-existing or caused by a guest — VelocityMaid will document it with photos immediately on arrival and notify you before any cleaning begins. We never move or clean around damage without first documenting it. This protects you when working with your booking platform on any guest claims.

Supply Management

VelocityMaid arrives equipped with standard cleaning supplies for every job. The host is responsible for maintaining a stocked supply kit at the property for guest-use items. Here is the breakdown:

VelocityMaid Provides

- All cleaning solutions and chemicals
- Microfiber cloths and mops
- Vacuum equipment
- Disinfectants and sanitizers
- Trash bags (standard size)

Host Provides at Property

- Guest-facing consumables (soap, shampoo, toilet paper)
- Linens and towels (unless linen service is added)
- Paper towels and kitchen supplies
- Specialty cleaning items (if required)
- Hot tub chemicals (unless VelocityMaid service is added)

Supply Restocking

VelocityMaid can manage supply restocking as an optional add-on service. We will monitor guest-use items during turnovers and notify you when levels are low. Restocking with provided supplies can be included in the turnover at no additional charge. Purchasing supplies on your behalf is available at cost plus a \$15 handling fee.

Trash Removal Process

Proper trash removal is part of every VelocityMaid service. Our standard procedure is outlined below. If your property has specific trash requirements or a municipal schedule, please note this in your property profile in the client portal.

Interior Trash

- All interior trash containers are emptied on every service
- Liners are replaced in kitchen, bathrooms, and all bedrooms
- Any guest-left food items are bagged and removed
- Recycling is separated if bins are provided by host

Exterior Trash

- Bagged trash is carried to the exterior trash area
- Trash is placed in the appropriate bins or containers
- Bins are wheeled to curb if pickup falls on service day
- Host should note pickup schedule in the property portal

Special Items

- Large items left by guests are flagged in the photo report
- Hazardous items (chemicals, sharps) are reported immediately
- We do not remove furniture, appliances, or large property items
- Unusual waste situations are escalated to Brian directly

If your property's trash pickup falls on the same day as a turnover, please note this in the client portal so we can time bin placement correctly. Never assume we know the local schedule — add it to your property notes once and we will follow it every time.

Hot Tub Services

Hot tubs require consistent maintenance between guest stays to remain safe, clean, and ready. VelocityMaid offers hot tub service as an add-on to any turnover or as a standalone service.

Standard Hot Tub Turnover Service

- Exterior wipe-down (cover, shell, jets)
- Water level check
- Water chemistry test (pH, alkalinity, sanitizer)
- Chemical adjustment as needed (host supplies chemicals)
- Filter rinse if accessible
- Cover replaced and secured
- Photo documentation included in post-clean report

Service	When	Rate	Includes
Hot Tub Turnover Service	Add-on to any clean	\$40	Test, balance, wipe-down, photo
Standalone Hot Tub Service	No other service required	\$75	Full service + travel included
Deep Drain & Refill	Quarterly recommended	Quote	Contact us for property-specific quote

Important Notes

- Host is responsible for providing hot tub chemicals at the property
- VelocityMaid does not perform plumbing or equipment repairs
- Any equipment issues (broken jets, heater faults) will be flagged in the photo report
- We recommend a full drain and refill every 90 days — we can coordinate this on request
- Chemical adjustments are logged and available through your client portal

Emergency Contact Procedures

VelocityMaid is available for emergency response situations. Here is how to reach us and what qualifies as an emergency vs. a standard service request.

Emergency Contact

CALL OR TEXT (802) 733-5348 Brian Maylor — Founder & Managing Director	EMAIL hello@velocitymaid.com Monitored daily including weekends
--	---

What Qualifies as an Emergency

■ Call immediately

- Guest is still on property at checkout time
- Evidence of property damage or break-in
- Active plumbing or electrical issue discovered on arrival
- Safety hazard on property
- Cleaner cannot access property and guest check-in is imminent

■ Text or Portal — same day response

- Last-minute turnover request (same-day or next-day)
- Change to access codes or lockbox
- Special instructions for an upcoming clean
- Guest left belongings that need handling
- Maintenance issue discovered — not critical

■ Portal — standard response

- Add-on service request for upcoming clean
- Schedule adjustment (more than 48 hours notice)
- New property onboarding request

- Billing or invoice questions

Emergency Response Service

For emergency response visits outside of scheduled service — such as a last-minute turnover or an urgent property situation — VelocityMaid charges a \$75 emergency response fee in addition to the cost of service. This covers the team's immediate availability and unscheduled travel.

VELOCITYMAID

Your property is in good hands.
